

PD Power Bank

HT45F9160

Characteristics

- 4S lithium battery power bank
- Type-C PD input: 5V/9V, 3A; output: 5V/9V/12V/15V/20V/28V, Max, 3A
- Type-A output: 5V/2.4A
- Simultaneous input and output using Type-C and Type-A
- 4 LEDs for charge/discharge power display
- Over-voltage and over-current protection functions

Applications

PD power banks, PD car chargers, etc.
