

LCD Electronic Scale

BMH01F05-1

Characteristics

- Module integrates C6 aluminum digital sensor
- Measurement range: 0~5kg
- Accuracy: 0~500g±0.5g; 500~2000g±1g; 2000~5000g±1.5g
- External Resolution: 60000
- High accuracy measurement: Compliant with OIML Class III

Applications

Smart shelves, industrial automation weighing systems, etc.
