

# G04 Pressure Digital Display Meter

## BH67F5265

### Characteristics

- Pressure measurement range 2.5MPa, external resolution up to 2.5kPa, internal accuracy up to 50Pa
- Simplified circuit, few external components, low power consumption
- Low-power design, overall power consumption between 300~450 $\mu$ A, two AA batteries can operate for nearly a year
- Integrated low-power LCD driver for longer battery life

### Block Diagram

### Applications

Pressure gauges, etc.
